

## Your own unique original song by award winning lyricist, Ann Kenney

My promise is to write you a completely original song – lyrics, vocal melody and basic composition and recording. This will be written for you in a musical style of your choice and based on something meaningful to you.

Your song will be presented to you as the framed lyrics (illustrated if appropriate) with copyright information, and as a MP3 recording for you to play and share. If you choose so it can also be presented to family and friends as part of a 30-minute live set in your living room.

What people say about Ann's work:

*This is one of the best things I've seen or heard anywhere in quite awhile*

*It flows so beautifully, and the lyrics are great*

*Wonderful lyrics and fantastic imagery*

I've been singing in choirs, groups and bands for 15 years. I sing Mezzo Soprano and love all types of music – choral, blues, country, rock, hip hop, rap and reggae – but blues/folk/country are my "go to" sounds.

I've been writing poetry since forever and have been part of the Leatherhead Haiku Group for the last three years writing and performing Japanese haiku. This is where my passion for imagery has been honed and it is what sets my lyrics apart from other writers.

I can write to a brief on any subject and have written a wide range of lyrics in different forms and on different topics and different styles.
